Job Description: Senior SAP SD Consultant

Position: Senior SAP SD Consultant

Experience Required: 5 to 8 years

Work Mode: Work from Office

Location: Work From Office (Pune)

Education: Bachelor's degree

Joining: Immediate

Key Responsibilities:

- Analyze business requirements and design SAP SD solutions that align with organizational goals.
- Configure and customize SAP SD modules (e.g., order-to-cash, pricing, billing, shipping, and transportation).
- Lead end-to-end implementation projects, upgrades, and enhancements.
- Collaborate with business users to gather and document requirements.
- Provide expert recommendations for process improvements and SAP best practices.
- Map business processes to SAP SD functionalities.
- Work closely with other SAP modules (e.g., MM, PP, FICO) to ensure seamless integration.
- Collaborate with technical teams for developments, interfaces, and reports.
- Support integration with third-party applications where applicable.
- Provide post-implementation support and troubleshooting for SAP SD issues.
- Monitor system performance and resolve incidents within defined SLAs.
- Conduct system testing and UAT for new configurations and developments.
- Prepare functional specifications, configuration documents, and user manuals.
- Train business users and junior consultants on SAP SD functionalities.
- Conduct workshops and knowledge-sharing sessions.
- Act as a liaison between IT and business teams to ensure alignment.
- Communicate project progress, risks, and solutions to stakeholders.
- Build strong relationships with clients to drive customer satisfaction.

Required Skills and Qualifications:

- 5 to 8 years of hands-on experience in SAP SD implementation and support.

Strong expertise in SAP SD module configurations (order management, pricing, billing, shipping, etc.).

In-depth knowledge of the order-to-cash (O2C) process.

Proficiency in handling complex pricing procedures, tax setups, and intercompany processes.

Experience with SAP integrations (EDI, IDOC, and APIs).

- Knowledge of SAP S/4HANA SD is a plus.

Preferred Qualifications:

- SAP SD module certification is preferred.
- Additional certifications in S/4HANA are a bonus
- Experience in IT Industries.

Why Join Us?

- Opportunity to work on challenging SAP SD projects.
- Competitive salary package and growth opportunities.
- Collaborative work environment in an office setting.
